SESSION STRUCTURE

Human Capital and Talent Development

UNLOCKING THE POTENTIAL GROWTH OF THE KNOWLEDGE ECONOMY

Better utilizing human capital potential and instilling value-added, knowledge-based production are critical elements to creating a sustainable economy and a prosperous contemporary society. What is Russia's natural position in the global knowledge economy and how can it expand upon this potential? What policy measures should Russia put in place to stimulate knowledge-based growth over the medium and long terms?

Moderator:
Ruben Vardanyan, Entrepreneur and philanthropist

Panellists:
Ehud Barak, Prime Minister of Israel (1999-2001)
Christian Morales, Vice-President, General Manager Europe, Middle East and Africa (EMEA), Intel Corporation
